Graham was appointed to the GasLog Board of Directors at GasLog’s annual general meeting in May 2017, and will work with Richard to ensure a smooth transition.

Richard is highly respected throughout the maritime industry and brings a wealth of shipping experience to GasLog having served as Chief Executive Officer of Lloyd’s Register Group from 2007 to 2015. Whilst in Japan he oversaw, on behalf of Lloyds Register, the construction of LNG newbuildings for the North West Shelf project and was the LR liaison for the Shell LNG vessels operating from Brunei. Earlier in Richard’s career, he was an Engineering Officer in the Royal Navy before studying Naval Architecture at the University of Newcastle-upon-Tyne.

Paul Wogan, GasLog CEO, said, “On behalf of the Boards of GasLog and GasLog Partners, and the Management team, I am pleased to welcome Richard to GasLog as COO. His deep understanding of the shipping sector and his years of relevant operational experience will make him a huge asset to the company. I would also like to take this opportunity to thank Graham for his contribution to GasLog during the past few years of growth and I look forward to being able to continue to access his experience and wisdom as a Board member.”

Richard Sadler commented, “I am delighted to be joining GasLog at such an exciting time in the company’s evolution. The LNG and LNG shipping markets are experiencing a period of considerable growth with significant opportunities and I believe that GasLog is well placed to take advantage of these opportunities.
